DETAILED ACTION

Allowable Subject Matter

1. Claims 1-22 and 24-35 are allowed.
2. The following is an examiner's statement of reasons for allowance: Regarding claim 1, Ashitomi et al. (US#5216411) is the closest prior art of record as Ashitomi discloses a modular display system comprising: an enclosure cabinet 1; a display module 10 including an inner frame 11, an outer frame 17, a vision enhancer 14, and a display circuit board 12. Ashitomi fails to disclose the claimed cabinet brackets and their structural cooperation with the display module. It would not have been obvious to one of ordinary skill in the art to modify Ashitomi to include the cabinet brackets and their claimed structural cooperation with the display module. Claims 7, 16, 17, and 24 include the allowable subject matter discussed above with respect to claim 1 and therefore are allowable for at least the same reason(s).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See PTO-892.
